

Smart Management for
Small Water Systems

Managing Your Water System Into the Future

Elkridge, MD | September 19, 2018 | 9:00AM-4:30PM

University of Maryland University College
Dorsey Station Room 2138
6865 Deerpath Road, Elkridge, MD 21075

About this Complimentary Workshop:

This workshop will cover skills and information to help you manage your water system successfully now and into the future.

You will learn to:

- Have the right people to run your system
- Ensure you get the longest life out of your infrastructure and have a plan to replace it
- Have the money you need for operations and capital
- Communicate these plans and financial needs to decision makers and the public

Contact Hours: This workshop has been approved for all operators & superintendents for 6 hours, non-process.

Trainer: Glenn Barnes, Associate Director, The Environmental Finance Center at The University of North Carolina

Contact: Allison Perch, perch@sog.unc.edu
