Please rate our session: GASB UPDATE presented by Dean Mead, Senior Research Manager, GASB

- It was a lot of information, I think once we receive the slides and can review it it will be even more helpful. I think it is great to keep giving us updates and refreshers about GASB.
- It's a bit too long...
- great speaker, relevant topics
- Very clearly presented
- in general, just a boring topic
- Good- 2 hours was a bit long

Please rate our session: Cyber Insurance and Responding to Cyber Attacks presented by Jay Wiley, Administrative Vice Pres. and Director of Cybersecurity Operations, M&T Bank and John R. Lawrence, Vice Pres., Commercial Insurance Division, M&T Bank

Answered: 68 Skipped: 3

- Good information and illustrations. Great speakers. Topic applies to all in the room even if you are not in IT we all touch a computer daily.
- Good information and several helpful pointers

Please rate our session: Arbitrage and Post-Issuance Compliance presented

- Rather limited audience for the topic.
- I think the speaker knew her subject, however, it did not apply to me or myjob and I knew nothing about it prior to hearing the speaker. I was lost most of the presentations. I feel it would have been a great topic for a breakout session and allowing those who needed the information to attend and having something more relevant for the rest of the group.
- probably would have been more relevant if the discussion was about the new changes/additional re-• quirements for post-issuance compliance that goes into effect in Feb
- Assumed everyone has prior understanding of content

Please rate our session: Federal and State Legislative Update presented by Emily Brock, Director, Federal Liaison Center, GFOA of the US and Canada and Michael Sanderson, Exec. Dir., MACo

Answered: 70 Skipped: 1

- Federal update was not that interesting Michael's thoughts on funding (needed taxes) the Kirwan Commission were amazing.
- Good voice quality seemed to know her subject but seemed more about muni bonds that Federal and State Legislative Update. I would of like a lot more on the stated subject matter.
- Emily Brock is a great speaker. Enjoy her enthusiasm. Michael Sanderson though the material is relevant, his presentation is getting old

Please rate our session: Budget Transparency and Community Involvement presented by Caroline Sturgis, Deputy Budget Director, City of Baltimore

- Not convinced that the process actually works as described or the results are held in high regard by City government.
- Good speaker, knew her subject matter, seemed vested in the project of budget transparency. Again, it is not something that relates to my job and has no application to what I do so not really worth my time or money.
- Average
- Did not appear prepared for presentation
- The information she shared was good, but she is definitely NOT a public speaker!!!
- Glad to see budget presentation
