

MARYLAND GOVERNMENT FINANCE OFFICER ASSOCIATION

MDGFOA's Membership Objectives

- To provide for the professional development of government financial managers and officers and to assist individuals in seeking a career in government financial management;
- To identify issues of governmental fiscal policy and to provide an information network to assist State and local governments with such issues;
- To encourage the use of uniform standards and procedures of government financial management through education and training;
- To encourage the exchange of information regarding the

principles and precepts of government financial management through conferences, seminars, affinity groups, publications, blogs, forum, special training sessions and other educational and training opportunities; and,

- To create awareness of the latest trends and developments in business and industry serving State and local governments in the advancement of government financial management.
