

## **Prince George's County**

### Treasury Operations Manager

The Prince George's County Office of Finance is seeking qualified and self-motivated applicants to fill a Treasury Operations Manager (Accountant IV) position, grade G-27, within its Treasury Division.

This is a management level role, responsible for the supervision and oversight of daily Treasury operations in support of the County's real and personal property, energy, and hotel/motel tax collection programs. The incumbent assists the Chief of Treasury with preparing and reviewing complex accounting documents and records, installing and maintaining complex accounting systems, and auditing tax and other financial transactions within the Division or Section. The incumbent must be highly independent and supervises the work of lower-level accountants, accounting technicians, and account clerks.

The ideal candidate must be able to manage high volume billing and collections operations, comprised of seasoned, independent, and collaborative staff in a semi-remote environment. This position will have a key role in the implementation of new Treasury systems and will participate in the coordination of multi-agency efforts and projects.
