Great Job -- but the food wasn't nearly as good today. LOL!		
great program!		
Anirban Basu was the perfect speaker to end a Friday!		

Thanks for bringing Anirban back. It is always a treat to hear him speak.

Only thing missing was the nice lunch and cookies in the afternoon!

Awesome conference. Thank you!

Anirban Basu gets a strongly agree PLUS.

Good job

Anirban Basu ended a heavy discussion with great humor and engagement!

sending out agenda with times for topics at least a week in advance would be appreciated

Great presentations. thanks

I love hearing Anirban speak! He is so captivating and I love how he makes it exciting! Thank you always GFOA :)

Good Conference

great and timely sessions. I LOVE Dean Mead. His presentations are always relevant, concise enough to give an understanding but not too detailed to get lost in the weeds.

Great team effort

Excellent conference - thank you.

As always a very interesting conference that provided lots to think about.

Very well done - as always

You should strive to have Anirban Basu at every single training conference

Great conference. The virtual version was well done but I do look forward to the time when its safe for us to meet and network in person!

Really good order of items. Heavy technical in the morning, lighter items in afternoon

Excellent conference! Interesting speakers, pertinent material, and nice venue.

Great conference!!

I think Anirban was wearing tassled jorts.

Great session!

Timely topics

Great value

Great presentations today with a lot of solid information. Some of the information provided during the the federal legislative update was inaccurate from a historical perspective (filibuster is not part of the Constitution) but aside from that, information was super useful. Would have liked a little more information about what expectations local governments should have for revenue replacement funds as part of the aid packages.

Sessions were relevant, including the material. Instructors were all very good or excellent. It was a great conference.

The I am here need to be announced or have a ding. Kept showing at the bottom of my phone and missed several. Additionally no reason we have to sit glued to our phone or laptop screen with our eyes to see "I'm still here". I can listen and follow without. Additionally if I enlarged just to see speaker I didn't see pop up. I attended the entire conference and hope I get all my credits.

As a retired member, the GASB content is no longer particularly useful. I signed up for the conference to hear 1) Anirban Basu, 2) MD Legislative updates, and 3) Federal updates. Miss the in-person experience and the yummy buffet at the Marriott!

This session has improved my outlook on many questions and how to resolve immediate problems that was un-resolved at my desk. Thank you for the invitation.

I really enjoy the virtual conference. Thank you!

Sessions were very interesting and informative.

Enjoyed the conference
