A great overview--nice way to let me know what is out there that I should look into. Because there was so much info it was impossible to thoroughly learn any one thing, but I am able to pursue it now that i know about it and have been pointed in the right direction.	5	TRUE	5	5	8	TRUE	4	TRUE	TRUE	TRUE	645332	Mary Sue Martin	mmartin@rockvi
a lot of information in a short period of time.	4	TRUE	5	5	9	TRUE	4	TRUE	TRUE	TRUE	645162	Karen Dojan	karend@wcscpa.

BLI Login process was terrible, and the portal was not effective for the presentation (I needed to see the presenter, not the other participants)	3	TRUE	4	4	1	FALSE	2	FALSE	TRUE	TRUE	645402	Michael Murdzak	mmurdzak@ola.

I kept losing connectivity to the seminar and had to rejoin the meeting several times. I am a hand-on learner for software and watching someone else click through screens is difficult for me to keep my attention. I think the instructor knows her subject matter.	4	TRUE	5	4	6	TRUE	3	FALSE	TRUE	TRUE	645271	Susan Keller	skeller@frederic

It is very difficult to have a course on software tips and tricks without the user being able to test it out as the presenter is going along. I will have to look at the handout and try the tips out on my own - unfortunately, I can't ask the presenter questions at that time. Will the recording be available to review?	5	TRUE	5	5	5	TRUE	3	FALSE	TRUE	TRUE	645456	Asuntha Chiang-:	asunthacs@gmai

It would be much more helpful if the printable slide material would have followed the actual presentation so examples could have be seen and notes taken instead of at times trying to find the material being discussed in the materials. These presentations need to be broken down into separate sessions with a slower and more detail discussion for the audience.	3	TRUE	5	3	6	TRUE	3	FALSE	TRUE	TRUE	645036	Gerry Kolbfleisch	gerry@cityoffred
I wish we had days to review course materials. Presenter was knowledgeable and prepared. She researched Governmental Financial Reporting to be able to show us examples that were useable to the audience. Highly recommend!	5	TRUE	5	4	9		5	FALSE	TRUE	TRUE	645394	Mary Layman	mary.layman@ca
Judy did a great job of highlighting certain features of Microsoft Office 365 that were relevant and informative to me.	5	TRUE	5	5	10	TRUE	5	TRUE	TRUE	TRUE	644940	Michael Demb	mjdemb@gmail.
Learned a lot of great tips. However, not at the level of Microsoft usage as other participants.	5	TRUE	5	5	10	TRUE	5	TRUE	TRUE	TRUE	645084	Susan Cymek	susan.cymek@m
My computer restarted during the session and I missed the attendance marker while off line.	5	TRUE	5	5	10	TRUE	5	TRUE	TRUE	TRUE	645222	Omolola Ogunremi	logunremi@cityc
My only issue, too broad based. Would prefer a deeper dive into the harder topics for me, including the use of tables and PowerBI.	5	TRUE	5	5	8	TRUE	4	TRUE	TRUE	TRUE	645323	dwayne edwards	dedwards9@bcp
My only suggestion is that you mute and turn off everyone's camera during the presentation and have participants respond with questions through chat.	5	TRUE	5	5	10	TRUE	5	TRUE	TRUE	TRUE	645273	Melanie Thom	mthom@frederi
Several issues with the underlying technical platform. I missed the 2 check-ins because they didn't show up on my screen. I heard the beep but nothing was there. Another colleague who was taking the training had the same problem but his was much worse.	2	FALSE	3	2	2	FALSE	2	FALSE	FALSE	FALSE	645331	Nelson Hopkins	nhopkins@ola.st
So much time was spent on PPT (which we have all used for years) that the introduction to Power BI was almost nonexistent. I was much more interested in digging into the Power BI visualization capabilities, and it was maybe 5 minutes of the presentation with zero depth. I found this disappointing and not a good use of my time.	3	TRUE	5	3	6	TRUE	2	FALSE	FALSE	TRUE	645465	Anna Bevill	anna_bevill@hcp

The meeting system was a bit confusing and overly complicated compared to other formats. But the presentation and subject matter was effective.	4	TRUE	5	4	6	TRUE	5	TRUE	TRUE	TRUE	645185	Brad DeLauder	bwdelauder@ha
The presenter needs to work on not letting her voice tail off as she is looking at her screen.	5	TRUE	5	3	8	TRUE	4	TRUE	TRUE	TRUE	645374	Helen Shomberg	fnshom01@aaco
The slide deck was not compatible with the slides on the screen. I wasted time and could not focus on the presentation while trying to find the slides.
